Re: Addendum to my comment on
May 1, 1978, on the draft EIS.

Dear Mr. Pennington:

In reviewing the U.S. Department of Energy staff comment on critiques of the draft Environmental Impact Statement for the Rocky Flats plant, I feel I should point out some errors and omissions that I would like to have appended to the critique I sent you on May 1, 1978.

I would like to include these comments in my presentation at the Hearing on the E.I.S.

In my opinion, it may be embarrassing to you to include the material concerning rates given by an epidemiologist for the Colorado Department of Health which are incorrectly used.

I am glad to have an opportunity to participate in the hearing, which I understand will be held on May 24th.

Sincerely yours,

Carl J. Johnson, M.D., M.P.H.
Director of Health
